Specifications

FixArt Tube Lock

Safety is a core value at Artnovion. With this in mind, we designed the FixArt Tube Lock. FixArt Tube Lock is a security device, to be used with FixArt Tube for ceiling installation. It is crucial to use this device on ceiling installation, due to effects of temperature variations on the FixArt Tube clips. The FixArt Tube Lock is very simple to install, and facilitates installing other features, such as cover plates to hide the panels' fixing system.

Description

FixArt Tube ceiling Lock:
- 64 Locks per box + 64 screws
- Installs 32 standard panels or 16 Doble panels
