

## Eiger Mobile Wall Kit - Bass Trap Corner 1.0

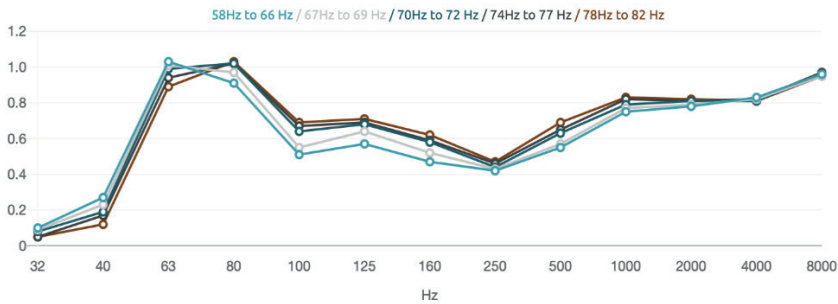

### Description

Artnovion's new bass trap mobile wall kit is dedicated to hi-fi enthusiasts that are looking for a less invasive low-frequency treatment. Installing our tuneable membrane bass traps on this freestanding support allows you to place the products anywhere in your room and keeps you from having to screw or glue anything on its surfaces.

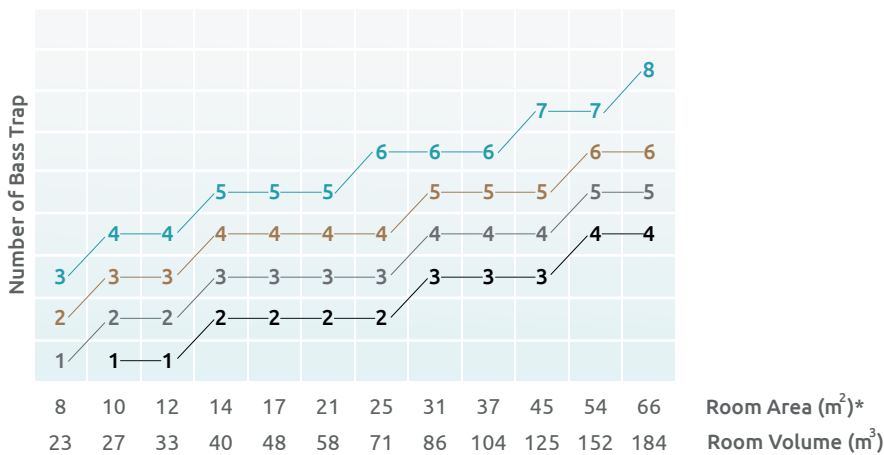

Artnovion Patent P. ( Acoustic panel with Tube Fixing System)
